The other half of the show is a unique collection of wood designs by Peter Richmond who is a technician and operator of the Shop for Woodworking at Smith College. Peter is a graduate of Rochester Institute of Technology, School for American Craftsmen. His work has been shown at the Kenneth Taylor Gallery in Nantucket and at American House in New York City. This show consists of turnings, boxes, frames and furniture using a combination of native and tropical woods.

*How far away should your bank be?  
That's easy.  
As far as ours.*

Maybe you choose a bank because it's nearer your job or home. But we've got a feeling that distance wouldn't mean a thing once you discovered what our bank has to offer.

You can reach us quickly from almost any direction. And probably faster than you can get to where you're banking now.

And when you get where we are, you'll find lots of easy parking, ready access to inside banking via our new red brick safety walks.

Or, if you like the ease of drive-up banking or the privacy of doing your banking business fast with an automatic teller, we have those, too.

But most important, we feel, is our competent and courteous banking professionals who are ready to treat you like the important person you are.

C'mon over, now, to our bank.

The play, about a couple apartment-hunting in New York and what happens when they become locked in a vacant one, is timely and easily related to. Karen Chase plays Anne Miller, no not the movie star; and Jim Bruce plays Paul Freidman. The comedy is light but carries a message as well. Jim is new to the Art Center stage and promises to be an exciting addition to the theater. Audiences will remember Karen Chase from her many character parts in previous productions. This will be her first "leading lady" role and her natural gift for comedy and timing will provide the audience with many a smile.

The production is being directed by Nancy Lee S. Gaucher and tickets may be reserved by calling the Center at 748-1266 afternoons 1-5 or by contacting members of the cast.

## Rochester 300

Q. Just what is Rochester 300?

A. A celebration of the founding of the original town of Rochester which encompassed Mattapoisett, Marion, Wareham and Rochester in 1679.

Rochester 300 is also the name of the Committee organizing to organize the celebration.

Q. Who belongs to this committee?

A. Anybody who is interested. The chairman is Conrad (Slim) Bernier who accepted the post with his election as vice president of the Rochester Historical Society. For this year, at least, he will lead the group... the group composed of interested people from all four towns.

Q. What are the plans?

A. The usual and the unusual. Parades,  
pageants, dances, boat races, fairs, air-  
plane rides, tournaments, etc.

Q. I have some things I would like to see  
done, and a few ideas. Does anyone want to  
hear about them?

A. You Bet! Our meetings are a forum for  
ideas, and open to the public.

Q. Will everything take place in Rochester?

A. Not at all. Anywhere in the four towns.

Q. When does all this take place? In one  
weekend?

A. In one year! In 1979, starting New Year's  
Eve, right through the fishing derby in April,  
to Christmas celebrations. We will concen-  
trate on July, though, since the actual date  
of the founding is July 22, 1679.

Q. Who is doing all the work?

A. The committee is lining up local organi-  
zations to sponsor the different events. For  
example, the Lions Club of Rochester will hold  
block dances, and the Woman's Club a Ball.  
If each group in all four towns comes up with  
something, we will have plenty!

## Thank You

I would like to thank you for electing me your new Selectman ... the voters who supported me at the polls, my committee who put in many long hours of hard work, my wife and family for their support during this campaign.

to get involved.

A. Send your ideas to Slim Bernier, Robinson Road, Rochester.

Q. Will there be anything besides events?

A. We are looking for ideas about that, too. Some kind of permanent restoration, marker, memorial...something...

Q. When's the next meeting?

A. Friday, May 13, 7:30 at the "Old Town Hall" in Wareham this month--we try to move from town to town.

We are going to have slides and movies of really exciting events in other areas -- events we would like to organize for our celebration--a woodsman's competition and Hot Air Balloon Rides!

### BODY FOUND ON NORTH STREET

active investigation.

### NED'S POINT UPDATE

The group of young volunteers who did such a great job of cleaning Veterans' Memorial Park at Ned's Point of the unsightly mess of litter of the winter has continued to clean the area and to request others not to discard cans and bottles on the ground. The result is plain to see and very welcome to townspeople who enjoy the park so frequently.

**STUDENTS VISIT WESTERN ELECTRIC & BELL TELEPHONE**

Eighteen science students from Old Rochester Regional High School got a better view of how science works in industry recently when they visited the Merrimack Valley works of Western Electric in North Andover and the Bell Telephone Laboratories facility here.

Local telephone manager Francis Brown said that the students toured the complex on Tuesday, March 29, accompanied by their advisors Anthony L. Correia and Richard Threlfall.

Participating students were August Nunes, William O'Leary, Kevin Eaton, Frank Pruchnik, Eric Gifford, Francis Gordon, Richard Brooks,

"We felt that it was important to show students what types of careers they can pursue in science, and explain to them the importance of continuing their educations," Brown said.

Western Electric is the manufacturing unit of the Bell System and Bell Telephone Laboratories is the research and development arm, while operating companies such as New England Telephone provide telephone service to customers.

"The Western Electric facility in North Andover is where transmission equipment -- the equipment which is used to carry calls between telephone exchanges -- is manufactured for the Bell System," he said.

"The students viewed the manufacturing areas where various types of this equipment are produced, and also the area where cultured quartz crystals are produced. These crystals are used to improve transmission quality. The Merrimack Valley Works is the only location in the country where these crystals are grown."

### DANCE COMPANY AT SMU

"James Cunningham is the Frank Zappa, the Art Buchwald, the Anna Russell of modern dance; the Mother of dance invention, part Andy Warhol, part Looney Tunes..."

So says the Minneapolis Tribune of one of America's most innovative and exciting choreographers, James Cunningham.

Cunningham and his dance company will leap onto the Southeastern Massachusetts University campus for a performance on Friday, April 15, at 8:00 P.M. in the SMU auditorium.

The community will have the opportunity to see why Dance Magazine says that Cunningham "is on the way to accomplishing in dance what Gertrude Stein did in prose."

"MERRY WIDOW" AT SMU

Would you like a date with "The Merry Widow"? She'll be coming to town May 6, 7 and 8.

That's when the SMU Auditorium will be transformed into the Marsovian Embassy in Paris, then to the widow's estate just outside of Paris and finally into the cabaret Maxim's complete with its "grisettes" or can-can girls.

Performances of Franz Lehar's "The Merry Widow" are at 8 P.M. on May 6 and 7, and at 3 P.M. on May 8.

You may actually become a part of this nostalgic recollection of the Paris of yesterday and its "beautiful people". With your purchase of a "Gala Ticket", you will be invited to

Music Theatre Performance and Vocal Program under the artistic direction of Madame Jacqueline Bazinet Cobert, this delightful operetta features Slovakian folk tunes, a Marsovian handkerchief dance, and pas de deux ballet sequences.

The orchestra, conducted by Josef Cobert, and a full chorus will accompany this age-old, yet, ageless story of boy meets girl -- boy loses girl -- boy gets girl. Its vibrant score unwinds into an endless chain of lilt-ing melodies of which "The Merry Widow Waltz" is perhaps the best loved.

The presentation of "The Merry Widow" is a joint project of the SMU Foundation, the Friends of the Summer Music Institute (SMI) and the SMU Music Department.

The SMU Foundation was incorporated in 1973 to stimulate gift support for SMU from those who are anxious to have a share in the growth and success of SMU.

The Friends of SMI originated in 1973 through the interest aroused by the Summer Music Institute and Festival which affords talented musicians the opportunity to study, rehearse and perform under the direction of internationally acclaimed faculty/artists.

The SMU Music Department endeavors to create the necessary opportunity for the student/artist of southeastern Massachusetts

Not the Stockholders. There are none. Tobey Hospital is a non-profit membership corporation for which no stock can be issued.

Not the Trustees. They merely hold the property in trust and administer it for the benefit of the public. They do this as a community service without pay.

In a real sense, all those in the communities served by the hospital are the owners of Tobey Hospital.

The community can share in Tobey's continuing commitment to quality medical care through gifts or donations which enable the hospital to purchase equipment beyond the scope of the current operating budget. Each year the medical staff submits a list of such items and, because of financial constraints, Tobey often relies on the generosity of local organizations and individuals for these needs.

The Administrator of Tobey, YOUR community hospital, is available at all times to discuss these needs.

The Reading Room will be open Tuesdays, Thursdays and Saturdays (except holidays) from 11 A.M. to 3 P.M., and Wednesday evenings from 7 to 7:30 and 8:45 to 9, before and after the testimonial meeting. Visitors are welcome during these hours when Christian Science literature can be purchased, borrowed, or read in a quiet study room.

Also available are magazines, pamphlets, tapes and records telling about Christian Science -- what it is, how it works, how it has helped thousands of people find better health, improved personal associations, more productive work and happier living through applying its principles and understanding the relationship between God and man. There is something for children, teenagers and adults. Some of this material has been translated into Portuguese, Spanish,

## Channel 2 Auction

Mrs. Richard A. Shuster, New Bedford, has been named Area Chairman for the 1977 Channel 2 Auction. Announcement was made by Auction Manager Hamilton Osgood at a briefing session held at the Channel 2 studios in Boston.

As New Bedford Area Chairman, Barbara Karp Shuster is responsible for the recruitment of Go-Getter volunteers in the following communities: Acushnet, Dartmouth, Fairhaven, Mattapoisett, New Bedford, North Dartmouth, Rochester, South Dartmouth and Marion.

The 1977 Channel 2 Auction will be held June 3-11. During the nine-day televised event it hopes to raise more than \$730,000. This is the major fund-raising event for Boston's outstanding Public Broadcasting Service station.

"Volunteering for the Channel 2 Auction is my way of thanking Channel 2 for the entertainment and enlightenment it provides my family," Mrs. Shuster explained. "I urge everyone to volunteer or participate in the Auction. It's a great cause."
